Dear Sir

I have just bought some silver Arabic coins and I remember you are very interested with these coins! I send them to you with the hope you will be pleased with them.

In the same time my correspondent offered me some gold Arabic coins but as I am not very practising about this kind of coins I buyed only one specimen of the which I send you herewith.

If they are very interesting for you I will try to have again the others. They were about 15 these two coins, so it was told to me, belong to the dynasty of Barchi and minted with 1400 en volgare in reverse but of the an exelle of Hijra. They are extremely rare.

Hoping to hear from you in short time

Dear Sir

I am in receipt of your letter with the enclosed order for 25 frs.
You say this sum is for all the coins I sent you on 22th June but I beg you to observe that there is a fault in what you found because the amount of the 2 gold pieces & 20 silver coins is of 100 lire as you may observe from my letter of the 22th June.
The error is very evident because the only intrinsic value of the metals is of frs 30 & more.
My last letter brought this note

2	Arabic gold coins	25 frs each	frs 50
20	" Silver "	2.50 "	frs 50
		frs	100

If you are pleased to send me 75 frs to balance the amount or if this price is not convenient for you I beg you to send me the coins & I will count to your order.

Nicolo Majer,

Venice ,Italy.

Dear Sir,

Your letter at hand acknowledging receipt of 25 fcs.What you say is a great surprise to me as I did not receive the two gold coins nor your letter of June 28.All I received was one of your small cloth bags in which was the enclosed envelope containing 20 silver coins.All I could make out on the writing on it was " 20 L 2.50 and L 25 ½ .I supposed that this was 20 coins at L.2.50 each or 25 fcs for the lot.There were no gold coins in this package as I remembered looking through the packing to see if there was anything else in the package as I had no letter from you to tell me what was in this package.I delayed sending you any money or writing you as I was expecting to receive a letter from you.This letter you say you wrote never came or I would have acknowledged it at once as I would have then seen that the two gold coins were missing.

Where were the two gold coins,in the package with the silver coins or in the letter?If in the package they must have been taken out before I received it,if in the letter,you can see that I did not receive them as the letter must have got lost.Did you register this letter?I would advise you to have your post office look this up and see if you can find any trace of the gold coins and the letter as I

cannot very well do it from this end as I do not now know when I received the package and have no clue to give the authorities here.

As I have received the silver coins and you say the price is 50 fcs.before sending you a money order for 25fcs. more. You understand now how I happened to send you 25 fcs.

I am sorry that this has happened and trust that you will be able to straighten this matter out.I trust that you will find that yo your letter was mis-sent,in that case it should be returned to you.

I remain very truly.

Dear Sir

I have just receved your letter of the 11th inst + the enclosed Money Order to balance the 20 silver coins + I thank you very much.
I went immediately to the Post Office to present my compliant for the lost of my letter which was registered as I regularly do when they contain some gold or important coin.
Certainly you will be called to your Post Office + I beg you to pay great attention not to have (by the employer) confused the package with the letter.
They were sent together in the same day; for the sample without value I had the receipt N.o 1331 + for the letter the N.o 1333; now I am awaiting for the result of the researches made by my Post Office.
I am very sorry of the missing of that letter of mine, not for the ammount of the coins, that was little, but for the two pieces which were very fine indeed + also very rare.

Very truly yours
